

Q8 Chain Oil FG 70

Chain and chainsaw oil

Description

Q8 Chain Oil FG 70 is a chain and chainsaw oil that offers good wear protection through the adhesive oil film. It protects against corrosion and rust and is used in a standard range of temperatures.

Applications

Q8 Chain Oil FG 70 is used in chains and slides of chainsaws. It is perfect for chains, slideways and guides in industrial applications.

Benefits

- Effortless operation thanks to its characteristics
- Advanced adhesive characteristics
- High resistance to wear
- Advanced anti-rust properties

Specifications & Approvals

ISO 6743-1 L-AC

Properties

	Method	Unit	Typical
Kin. Viscosity Base Oil at 40 °C	D 445	mm ² /s	70
Viscosity Grade	-	-	70
Flash Point, COC	D 92	°C	204
Pour Point	D 97	°C	-24°C

The figures above are not a specification. They are typical figures obtained within production tolerances.

Remarks

Q8 Chain Oil FG 70 should not be used for lubricating the engine of the chain saw.
